

ATTENTION!

EarlyON | Waterloo Region Closures Notice

COVID-19 Important Update

The COVID-19 situation is rapidly evolving. This is a new, and unprecedented, reality for all of us, especially those in people-facing service industries.

As of Sunday, March 15, the YMCAs of Cambridge & Kitchener-Waterloo, as Lead Agency for EarlyON Child and Family Centres in Waterloo Region, has made the decision to close all EarlyON Child and Family Centres and all EarlyON Mobile Delivery locations in Waterloo Region. This closure is in place from Sunday March 15th – Monday April 6th*

*Subject to change based on Public Health recommendations

Our EarlyON Child and Family Centres provide a broad range of services and programming to diverse sections of our communities – many of whom have been identified at an increased risk of contracting COVID-19. As such, we've committed to addressing this situation and basing all of our decisions with a people-focused lens. We're collaborating with public health units and other leaders in our industries to make informed decisions that seek to keep our families, volunteers, community partners and staff healthy and well.

Your health and wellbeing remain a priority to us. Please know this is a pre-emptive solution, a way for us to work with public health to try to slow the spread of COVID-19 in our communities. We continue to explore ways for us to be here for you – both during these unprecedented times and beyond. We look forward to welcoming you back to our EarlyON Child and Family Centres, mobile sites, programs and services when we re-open.
